Crooked Creek Lake 2015 Beach Rules

Welcome to Crooked Creek Lake! We hope your visit here will be fun and safe. Please follow these beach rules for your safety and the consideration of others who are also seeking enjoyment.

Fees – There is a fee for swimming. Visitors pay this fee at the **Self Deposit Fee Collection Station** at the entrance to the beach. Children 12 years old and under, swim for free. The fee is \$1 per person, or a maximum of \$4 per vehicle (up to eight persons). A Corps of Engineers Annual Day Pass can be purchased for \$30 at the park office (please call ahead). This pass allows visitor to avoid having to pay day use fees each time they visit.

Seniors with the Golden Age Card or America the Beautiful Card and the disabled with the Federal Golden Access Card or America the Beautiful Access Card (PA Access Card is not applicable) are entitled to a 50 percent reduction in the price (no cards are issued from Crooked Creek Lake). Unless you own one of these cards, you must pay the full required fee. Checks (payable to “FAO, USAED, Pittsburgh”) are accepted. Please make sure you fill out the envelope completely and place the stub on your mirror. Campers are entitled to free use of the beach. Ask the ranger on patrol in the campground for the free Day Pass.

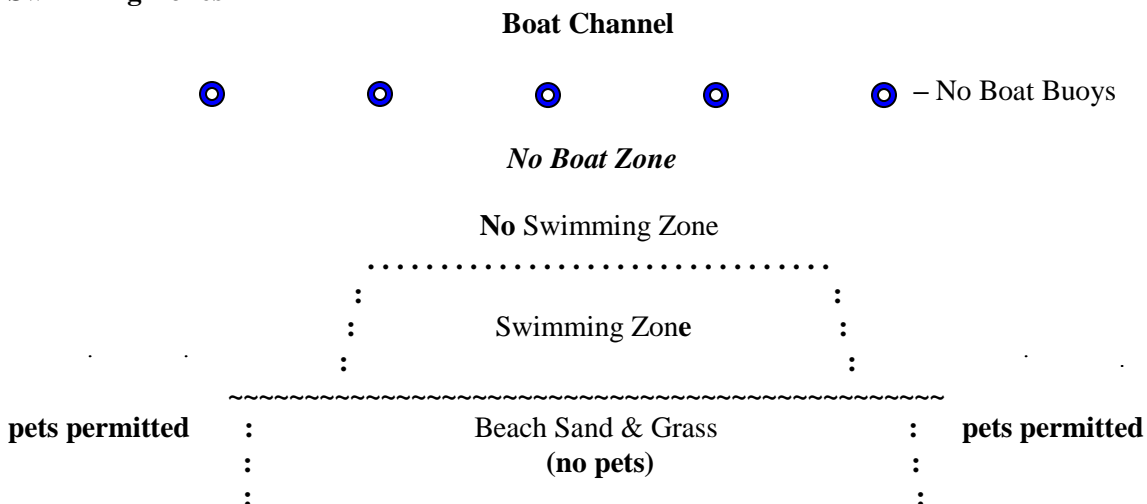

Beach Hours – The swim beach opens at 8 a.m. and closes at 8 p.m. Keep in mind the beach is groomed between 8 and 9 a.m. You may linger on the beach until 9 p.m., but it closes for swimming at 8 p.m. The Beach will open **May 23 and close Sept. 7.**

Pets – For health and safety reasons, pets are not permitted on the sandy part of the beach and grass strip but are permitted on either end off the sand. All pets in the park must be on a maximum 6-foot leash and under the control of the owner. Barking dogs that disturb other visitors can not be allowed.

Adult Supervision – Parents/adult guardians are required to keep constant watch on their children at all times.

Alcoholic Beverages – Alcoholic Beverages are not permitted anywhere at Crooked Creek Lake.

Swimming Zones

EMERGENCIES: Dial 911 to report crime or summon medical help

Navigation/Swim Line Buoys – It is a violation of Corps Regulations to disturb navigation buoys. Swimming to buoys and hanging on them is not allowed.

Rescue Equipment – Rescue Equipment is for emergency use only. Do not play with life rings or reach poles.

Music - Since everyone's music taste is different and some people do not wish not to hear music while they relax, we ask that your choice of music be confined to your ears only. Playing music from a stereo or vehicle that extends beyond your immediate area is not accepted.

Trash – Two dumpsters are located next to the beach for your use. Please be considerate of others who use the beach by putting your trash, cans and bottles, diapers, cigarette butts, etc. into these receptacles.

Cooking/Food - State Sanitation Laws prohibit food and food preparation on the beach sand or grass strip. This includes grills of any description. Tables are located off the beach for this purpose.

Sun Screen Tents/Umbrellas – Use of sunscreens are allowed as well as the use of umbrellas. Sunscreens cannot have any strings anchoring them that would pose a tripping hazard to other visitors.

Traffic/Parking – **All vehicles must remain on the asphalt.** The beach area is a one way loop. From the stop sign, the loop goes all the way to the end and loops back toward the stop sign. The park speed limit is 15 miles per hour but a crawl speed is required at the congested end of the beach. Be alert to people not paying attention and particularly children who dart unexpectedly to the beach.

Vehicles with trailers are to be parked at the two upper lots to avoid taking spaces away from vehicles.

Handicapped spaces are reserved for people owning an official placard.

Fishing – is permitted everywhere on the peninsula except on the sandy part of the swim beach. We do not lock the gate so fishing is allowed after 9 p.m.

Wildlife – Do not feed the geese. This is dangerous because geese may become over accustomed to humans, act aggressively and they can cause personal injury. These animals require food unique to their species. Human food can produce toxic effects during digestion and can harm or kill them. Please refer to the following website for further information: http://library.fws.gov/Pubs9/caution_waterfowl.pdf

Beach Water Safety – The lake water at the beach is tested weekly by an independent certified lab that tests for possible bacterial contamination. This testing is monitored by the Commonwealth's Department of Health. As the water heats up during the summer, the likelihood that bacteria level may rise to unsafe levels increases. In this event, the beach will be closed until bacteria counts are at acceptable levels.

Please respect those around you. Everyone comes to Crooked Creek for different reasons. Our goal is to provide a safe and fun place to visit. Your cooperation will help.

If you have any questions, please call the park office at 724-763-3161 or summons a patrolling Ranger. A complete copy of Title 36 (Rules and Regulations governing Corps of Engineer facilities) is posted on park bulletin boards. Individual copies are available upon request. Please remember that failure to pay the required fee may result in a citation.

Thank you for your cooperation!
